2017-2018 GRADE 1– SUMMER READING & MATH

Dear Parents/Guardians,

All students are expected to continue building their reading and math skills throughout the summer. Daily independent reading will help reinforce important skills and comprehension. Extra practice in math will help improve your child's problem solving abilities. In addition to the online math summer assignment on EducationCity, child is expected to read two fiction books written by authors from the list below and complete a short book report for each story. The graphic organizers must be completed and returned to school by Friday, September 9, 2016.

Have a great summer!

Thank you,

First Grade Teachers
